THE CREDIT VALLEY HOSPITAL

HRD-239-10

QUALITY, SAFETY AND RISK CONSULTANT

1-Regular Full Time

Job Description:

In collaboration with program and department teams the Quality, Safety and Risk Consultant assists in the advancement of the following activities: executing the corporate strategic framework for quality and the patient safety and risk management models and coordinating Credit Valley Hospital's accreditation process.

Leadership, project management and change management expertise is provided to internal and external partners for the support of corporate innovation, excellence in patient centered care, culture development and knowledge transfer through performance measurement, data reporting and analysis, quality improvement methodologies, and patient safety/risk management activities.

The Quality, Safety and Risk Consultant is accountable to the Manager, Quality, Safety and Risk and the Director of Quality Performance and Risk Management.

Educational Requirements:

- Graduate of a related health care profession, Baccalaureate prepared
- Post graduate degree preferred (MN, MHA, MSc., MBA, LLB)

Qualifications:

- 5 years experience in the healthcare system
- Previous experience with Quality Improvement principles, tools and techniques
- Exposure to Accreditation Canada's hospital accreditation standards
- Demonstrated knowledge of patient safety and risk management processes
- Working knowledge of Clinical Focus Study Design, Data Collection, Data Statistical Analysis and Data Presentation Methodology
- Strong analytical and problem-solving skills
- Effective stakeholder engagement and communication skills
- Strong leadership and facilitation skills
- Results oriented with a strong sense of initiative
- Proven skills in MS Office (Excel, PowerPoint, Project, Word, Access)

Employees who believe they possess the necessary qualifications and experience for this position and who have been in their current position for at least six (6) months are encouraged to apply.
