Building Capacity for Quality Improvement

Medication Reconciliation Teleconference
Series

June 22 and 30
July 6, 9 and 12, 2010
1210 – 1250 hrs

A New Teleconference Series on Medication Reconciliation – June/July, 2010

This is a special invitation to all Ontario teams and individuals seeking to implement Medication Reconciliation in their organizations. This series builds upon the *Eating the Medication Reconciliation Workshop* series and brings five presentations to you via teleconference in a special lunch and learn format. Join us for one or all five to continue to learn from each other about delivering safer medication practices.

Series Objectives

- Gain practical knowledge for success with Medication Reconciliation at admission, transfer and discharge
- Further your understanding of the measurement process for Medication Reconciliation
- Acquire a clear understanding of the Accreditation requirements for Medication Reconciliation and practical approaches to meet them
- Hear about workable paper based systems and electronic solutions

How to Register

No formal registration is needed for this series. To join dial 1-800-808-0861 or 416-507-1616 and use access code 939599. Should you have any questions contact Clara Ballantine at clara.ballantine@qhn.ca or at 613.736.9142. Funding for this series has been supported by the Ontario Node of Safer Healthcare Now! and the Quality Healthcare Network.

Special Thanks to our Co-Sponsors for this Event
